

# DINOSAURUMPUS!

Next term, we will be learning about Dinosaurs! We will be looking at the different species of dinosaur and the environment they may have lived in. In our science we will be looking at animals including humans, focussing on different categories of animals e.g mammals, reptiles etc. We will also continue our seasonal change spotting.

In English, we will be learning the story 'Harry and the Bucketful of Dinosaurs' as well as looking at some other dinosaur related stories. The children will re-tell parts and change the story using their own ideas. Within this context, we will reinforce use of correct punctuation. We will be reading the book Chalk, where we meet a very special dinosaur. They will also find out about the dinosaurs in Harry's story. We will be writing non-fiction dinosaur fact files.

## Also this term...

In Maths, we will be covering addition and subtraction within 20 and then looking at numbers to 50.

In History, we will be finding out about Mary Anning and her fossil hunting adventure.

In Design Technology, we will be focusing on mechanisms and making moving dinosaurs.

In PSHE, we will be looking at Dreams and Goals and thinking about how we can achieve some of these!

In Religious Education, we will continue looking at Christianity, focussing on the parable of "The lost son."

Remember Gym/Dance is on a Wednesday and Games is on a Friday. This term in Games we will be playing netball!

## Just a few reminders:

- First day back is Wednesday 3rd January.
- Please ensure all children wear their P.E. to school on Wednesdays and Fridays.
- Read, read, read! Please continue to read with your child at home and sign the homelink book to let us know that the books have been read.
- Please ensure ALL items of clothing are named - this includes hats, scarves and gloves. Thank you :)
- Remember LKL homework is set on Google Classroom and is shared and celebrated on Friday afternoons so please upload what you do!
