

Term 2 Space Explorers

This term our topic is 'Space Explorers'. We will be learning all about outer space and going on our own space adventures. This topic is the perfect mix of Science and fiction. We will be getting creative with space stories, building our own rockets and learning space facts. We will finish the topic with an alien tea party and will be asking the children to dress up as aliens for the day.

This is also a really busy term as we celebrate Christmas and the Hindu festival Diwali. We will be learning about Christmas and Diwali traditions and looking at how families celebrate these around the world.

In Maths we will start to explore positional language, pattern, one more / one less than.

Dress up day-Details
to follow

Key Messages:

We are so proud of how the children have settled into school, thank you for all your support. As the weather is getting colder, please can we ask that all hats, gloves and scarves be labelled. Children will also still need water bottles with water in please. Thank you for your continued support.
