

# Year 4 – Term 6

## SHOCKING!!!

### Science

In Science, we will be learning all about electricity and electrical circuits. The children will be making their own circuits, as well as learning about electrical safety and the history of electricity.

### Maths

In Maths this term, we will be focusing on money and time. The children will be taking their MTC tests this term – all of their hard work learning their times tables should pay off!

### LKL

Please remember, children need to complete all LKL each week: Infinity maths, CGP, TT Rockstars and logging reads on Boomreader.

### English

This term the children will be focusing on effective ways to open and end their narratives. They will be writing stories about overcoming a villain!

### History

Our History learning continues on from the Anglo Saxons to the Vikings. We will be learning all about Viking invasions, religions and Alfred the Great!

### Art

We will be learning all about how space is used in art. The children will be creating landscapes using cardboard to create layers.

### RE

We will be looking at humanism and considering the question: What motivates humanists to lead good lives?

### PSHE

Our final PSHE unit is called 'Changing Me' and looks at changes to the body and upcoming changes in school. Please see the separate letter containing more detail.

### Reminders:

\*Please send your child with a named water bottle containing only water. As the weather will be warming up (we hope) please make sure your child has a sunhat and suncream.

### Specialist Subjects

#### PE

In PE the children will be playing cricket and rounders with Mr P.

They will be practising their tennis skills with class teachers on a Monday.

#### Computing

Year 4 will be learning about digital presentation in computing with Mr Dawson and Mr Poston.

#### Spanish

In Spanish, we will be exploring animals with Senora Newing.

#### Music

We can't wait to learn some more Ukulele skills and do some song writing with Mr Avery.
