

# Spacebound

In term 4, we will be delving into the great unknown of space. Through our lessons we will be finding out answers to the following questions: Why is the Earth spherical? How do the planets remain in orbit around the sun? Why do we have different seasons?

What are the phases of the moon?

## Reading and Writing

We will be using the book Cosmic to help with our reading comprehension and also to develop our use of narrative and character descriptions to enable us to write our own. We will also be using many other images and extracts to inspire writing.

## Maths

In term 4 we will be completing our multiplication and division unit. We will then be returning to fractions and will begin to calculate with them before moving on the decimals and percentages.

## RE

We will be continuing to focus on Christianity. We will be considering the question 'What would Jesus do?' through the eyes of a Christian.

Friday  
March 22nd is our  
trip to the  
Herstmonceux  
Observatory and  
Science Centre.

## PSHE

'Healthy Me' is our term 4 topic. Through our Jigsaw scheme, we will be looking at the different ways we can keep our bodies healthy and how some of the choices we make, influence the way we feel.

## Langney Keeps Learning

In term 4 children will return to being set full LKL homework. This consists of a CGP task, MyMaths, TTRockstars, logging reading on Boom Reader and spellings. Please ensure you are completing as much of this as you can.

## Music

In music we will be using the chords we have learned whilst playing the ukulele, to compose our own songs!

## Geography

In term 4, we will be developing our fieldwork skills using maps and compasses.

## Art

We will be drawing in term 4, focusing particularly on the effects of light in pictures. In addition to this, we will be exploring the medium of indian ink.

## Science

'Earth and Space' is the name of our term 4 science topic. Our key Scientist is Aristotle. We will be linking our Science to our Art.
