

# Spacebound

## English

In our narrative unit we will be writing a fantasy story set on a magical planet in Space. In our non-fiction unit of writing, we will be writing a recount of a journey through space.

## Maths

In maths this term, we will continue to learn about fractions, decimals and percentages and see how they are connected. We will also spend some time using statistics to solve problems.

DT: We will use our sewing skills to make bags.

Computing: Learning how computing plays an important role in science, technology, engineering and maths.

Music: Understanding the history and traditions of different musical genres.

PE: Tennis and outdoor learning.

PSHE: Relationships.

RE: A look at different religions and how they can play an important part in somebody's life.

## Geography

We are going to be learning about mountains, volcanoes and earthquakes in Geography this term, learning how mountains are formed, that volcanoes are openings in the Earth's crust and that earthquakes occur at plate boundaries and cause the ground to shake.

## Science

We will be diving into the world of astronomy and learning how our solar system works.

## Important information:

- As the weather improves, please ensure that your child brings in a water bottle every day.
- Please continue to encourage the children with completing their LKL. This consists of a CGP task, MyMaths, TTRockstars, recording their daily reading on Boom Reader and spelling practice. Thank you.
