

Let the Magic Begin...

In Maths this term, we will be learning all about Money and Multiplication and Division. If you are able to practise times tables at home, this will really support your child's learning!

In English, we will be taking a magical journey into a book called 'Leon and the Place Between.' The children will be writing their very own creative stories and recounts!

Specialist Subjects:
With Mr Dawson in computing, we will be looking at 'E-Safety.' We are going to be focussing on our singing and performance skills with Mr Avery in our Music lessons.

In RE this term, we will be learning about Islam.

In Science this term, we are looking at animals and humans including their basic needs for survival.

In PE, we will be doing basketball and netball for competitive sport and gymnastics with Mrs Stewart. Please remember that PE days are Tuesdays and Thursdays and children need to come in to school on those days, wearing their PE kits. Thank you!

In PSHE, we will be thinking about dreams and goals. This will include thinking about how to look at successes and failures and work with others to achieve!

In Geography, we will be looking at our knowledge of the world and the United Kingdom.

In DT, we are going to be looking at textiles and making capes! We will also be cooking our very own pizzas with Mrs Harman!
